

Enecom

Address:	Via Siena 16 59013 Montemurlo (Firenze)
Web site:	www.enecompower.com
Position in the supply chain:	Electrical system, Electrical and hybrid vehicles
Products/Services:	HF130, HF90, FV Custom modules
Technologies:	crystalline silicon photovoltaic technology, Innovative plastic materials
Company activity:	Enecom photovoltaic modules are manufactured with a special patented technology using special plastic materials provide flexibility and lightness while using crystalline silicon cells. This technology allows maximum efficiency in conversion of sun energy. Lightness (2 kg/sqm) allow maximum weight containment, while their flexibility allows to adapt the module to the surfaces of the vehicle, not compromising the stylistic choice.
Main export markets:	Europe, France, Germany
Main customers:	FIAT, IVECO, VOLVO
Certifications:	ISO 14001
Year of establishment:	2012
Turnover:	-
N. of employees:	15
For information:	Diego Avesani diego.avesani@enecom-hf.com - 0112979165
Contact languages:	English

The company is active in the following projects:

- PIF Automotive
- Piemonte Naval Technology
